

MUSTAFA WARSAME

SENIOR ASSOCIATE – STRATEGY, GULF INTELLIGENCE

Mustafa is a Senior Associate – Strategy at Gulf Intelligence based in Dubai where he provides strategic communication consultancy to leading oil and gas companies in the region. He has closely worked with international and national oil companies advancing their strategic goals. Mustafa plays a key role in developing the firm's strategic relationships and partnerships with government entities, large multinationals and local firms to expand the company's growth. He comments at conferences and forums on the MENA energy landscape, and is sourced by external media for his views on energy and business news.

He recently advised a FTSE 100 company in establishing regional presence in the Middle East and secure exclusive partnership with the UAE Government. He also advised the Ministry of Oil & Gas Oman in developing a new partnership framework between Academic institutions and energy companies to close the gap between industry-academia in R&D. In addition, Mustafa is leading the GIQ unit of Gulf Intelligence a newly established to help the company grow its data and analytics capabilities.

Prior to Gulf Intelligence, Mustafa was an Economist at Maxwell Stamp's Abu Dhabi Office. A highly competent researcher, Mustafa has an excellent quantitative and analytical skill set, which apply to a wide range of economic research topics. Prior to joining Maxwell Stamp, Mustafa worked with Bloomberg LP as a Debt Market Analyst. Mustafa was responsible for researching and analyzing companies' debt obligations, determining appropriate corporate structure and capital structure, and analyzing financial data on assigned industry sectors and companies.

Mustafa holds a BSc Economics and Finance from Brunel University. He speaks fluent English and Arabic.
