“We have been working on what we call the ‘circular carbon economy,’ about how to achieve net zero. We want to reduce our emissions by a good number. We can become more efficient, by installing insulation for buildings, by having more efficient standards for industry, and so on.”

H.R.H. Abdulaziz bin Salman Al Saud
Minister of Energy
Kingdom of Saudi Arabia

“The pioneering efforts of the UAE in the field of environment reflect the country’s national and ethical commitment as outlined in its vision on sustainable development and the need to lessen the impact of climate change through a joint action to confront its repercussions.”

H.H. Sheikh Khalifa bin Zayed Al Nahyan
President of the UAE
