GIQ Corporate Knowledge Rating (CKR): GCC NATIONAL OIL COMPANIES

Origins

THE 3rd GCC PETROLEUM MEDIA FORUM

“Information is knowledge and knowledge is power. We have more information at our fingertips today than ever before – it must be used wisely.”

H.E. Suhail Al Mazrouei, Minister of Energy, UAE

The GIQ Corporate Knowledge Rating (CKR) was established to measure a company's performance on how successful it is in creating and sharing knowledge to the public. It is a comprehensive tool of assessment on the amount of knowledge a company contributes to the world, which allows stakeholders to evaluate an institution's commitment to transparency.

GIQ Corporate Knowledge Rating (CKR): GCC NATIONAL OIL COMPANIES 2018

EXECUTIVE SUMMARY

The GIQ Corporate Knowledge Rating is a standalone methodology that provides a quantifiable answer to a pertinent question – how much knowledge does a company create and make available to its external Stakeholders?

The creation of the Rating is founded on the belief that a robust knowledge exchange between industry and the public is a critical pillar of transparency, the foundation for developing a knowledge economy. For the purpose of scoring and ranking companies on the Index, we defined knowledge as publicly-available content a company creates that engages its stakeholders; and engagement was defined as the ability to attract, retain and educate an external target audience. This matrix allows the CKR to measure the amount of knowledge a company creates and shares with its external stakeholders. The CKR analyzed the GCC's six National Oil Companies and identified the Top-Ranked GCC NOC for Corporate Knowledge over the duration of 2018. GCC NOCs have a responsibility to contribute to the development of knowledge economies within their respective countries.

Methodology: How does the GIQ Corporate Knowledge Rating Work?

Key Parameters of the GIQ Corporate Knowledge Rating:

- ✓ The CKR defines **Knowledge** as content that is engaging – the content attracts, educates and retains a defined audience.
- ✓ The CKR defines an **Audience** as spectators on a given channel for publication consumption that are relevant to a company's activities.
- ✓ The CKR defines **Channels** as platforms where content engagement can be monitored and measured, such as company websites, social media (Twitter, LinkedIn) and news.
- ✓ The CKR utilizes a branded GI Score to measure other channels, such as forums, press releases, reports, magazine features and interviews.
- ✓ The CKR uses **Digital Analytic Tools** to monitor channel engagements, which paints a broader picture of how engaging the knowledge content on those channels is.

Social Media

Twitter

How engaged is your audience with the content that your company shares on twitter?

- The level of a company’s influence on twitter is directly correlated to the quality of content that it creates and publicly shares.
- Scores are not just based on number of followers and tweets but rather how insightful a post is and the corresponding audience engagement rate that each post receives.

LinkedIn

How engaged is your audience with the content that your company shares publicly on LinkedIn?

- LinkedIn content engagement can be defined as the number of likes and comments that each post (piece of content) receives. The higher the engagement rate the more timely, relevant, and valuable a company’s LinkedIn content is.

Digital Content Engagement

What is your audience’s sentiment towards the content that your company creates and shares across the web?

- Sentiment is critical because it measures how well your content is received by the public. Did your content produce positive, negative, or neutral sentiment?

CKR: Saudi Aramco Offline Assessment **30%**

The CKR GI Score is generated by Gulf Intelligence’s editorial team

- GI has produced more than 60 thought-leadership publications on behalf of clients visit www.thegulfintelligence.com
- The GI Editorial team is made up of world-class journalists with a combined experience of more than 50 years, who formerly worked with *Bloomberg*, the *Financial Times*, *Energy Intelligence*, the *BBC*, *Dow Jones* and *The Wall Street Journal*.

Hard data numbers that measure engagement are important but at the same time other aspects of knowledge must be considered that go beyond mere online performance.

- What Forums did the company employees participate in during the fiscal year? How was the quality of knowledge they shared and the audience’s reception towards it?
- What press releases has company issued during the fiscal year? How was the quality of the content in the press releases? Were they transparent and did they convey a clear message to the public?
- What whitepapers and op-eds has the company distributed? How would you rate the quality of knowledge generated and distributed?
- How strong is your CEO’s profile? Does your CEO actively engage with the public by creating and sharing knowledge?

Saudi Aramco’s CEO provides knowledge at live events that is transparent regarding the current challenges that the company and the overall region’s energy sector are facing. To bolsters this profile, additional op-eds can be produced that give a personal perspective on trends in the energy sector and will draw more positive audience engagement.

- Saudi Aramco's CEO Profile is one of the highest out of the GCC NOCs. Amin H. Nasser actively participates in forums, conferences, seminars, and interviews. Mr. Nasser provides knowledge that offers constructive criticisms and real-world solutions to the current challenges that Saudi Arabia and the Region are facing.

- Regarding the lower tier GCC NOC's on the CKR, KPC does not have critical social media platforms such as LinkedIn, severely limiting their ability to share knowledge with the public and negatively impacting their CKR Score. Although BAPCO is ranked 5th, the NOC has improved immensely across all measures since the previous release of the CKI and is ranked the highest in the 'Most Improved' category.
